Leading Change – Achieving Coherence:
from Classroom to School... from Network to System

Presented by Michael Fullan OC

Coherence: Putting Your Inner Drive into Overdrive

Program Overview

This annual highly acclaimed CSE conference will once again launch Michael Fullan’s latest work.

The 2015 conference combines and integrates the ideas from Fullan’s two new books: Freedom to Change and Coherence. The ideas come from the practical work Fullan’s team does with schools, and school systems around the world.

The strategies provide participants with challenges about how they can take control over their own situation by linking to others locally and in networks, and in so doing possibly influence others in the network, and even in the overall system.

The goal is to improve your own situation but also to be a ‘system player’ and be able to contend with and even influence aspects of the bigger system.

Case examples, videos and other illustrations of effective change at the school and system levels will be presented.

Module One  Freedom from Change
Module Two  Focusing Direction
Module Three  Collaborating for Success
Module Four  Deepening Learning
Module Five  Securing Accountability
Module Six  Freedom to Change
